Cookie Policy

Last updated: January 17, 2024

This cookie policy describes how BoostBytes uses “Cookies” and other similar technologies, in connection with our Sites and Services.

1. What is a Cookie?

A Cookie (also referred to as HTTP cookie, web cookie, browser cookie) is a small piece of data that a server sends to a user's web browser. The browser may store the Cookie and send it back to the same server with later requests.

2. Who sets Cookies when I use BoostBytes’ Sites and Services?

There are two main types of cookies that can be set:

- First Party Cookies: these cookies are placed and read by BoostBytes directly when you use our Sites and Services,
- Third Party Cookies: these Cookies are not set by BoostBytes, but by other companies, for purposes described in their respective Cookie policies. See further details below on how to manage these Cookies.

3. How BoostBytes Uses Cookies

BoostBytes makes a conscious effort to reduce the amount of Cookies used to an absolute minimum. Some Cookies are needed for the functionality of the Sites and Services directly (“Necessary Cookies”). Some Cookies are required for integrations with third party systems (“Third Party Cookies”).

3.1. Necessary Cookies

Some cookies are essential to the operation of our Site and Services and make it usable and secure, BoostBytes uses these cookies in a number of different ways, including:

- **Authentication**. To remember your login session while you use our Sites and Services.
- **Functionality**. To make the Sites and Services function as you tell them to, by remembering information you put in earlier.

3.2. Third Party Cookies

Some cookies are essential, or otherwise prompted for, for the operation of integrations with Third Parties. BoostBytes does not control these Cookies, but makes attempts to minimize their use to only where they are strictly necessary.

- **Calendly.** To plan and set up meetings.
- **Stripe.** To process payments.
- **Crisp.** To handle live chat.
- **Google Docs.** To display PDF files.

4. Opt-out

There are no First Party Cookies to opt-out of, as all Cookies are necessary to provide you with our Sites and Services. Your web browser may allow you to manage your cookie preferences, including to delete and disable BoostBytes cookies. You can take a look at the help section of your web browser or follow the links below to understand your options. If you choose to disable cookies, some features of our Site or Services may not operate as intended.

- Chrome: https://support.google.com/chrome/answer/95647?hl=en
- Explorer: https://support.microsoft.com/en-us/help/17442/windows-internet-explorer-delete-manage-cookies
